

In His Image

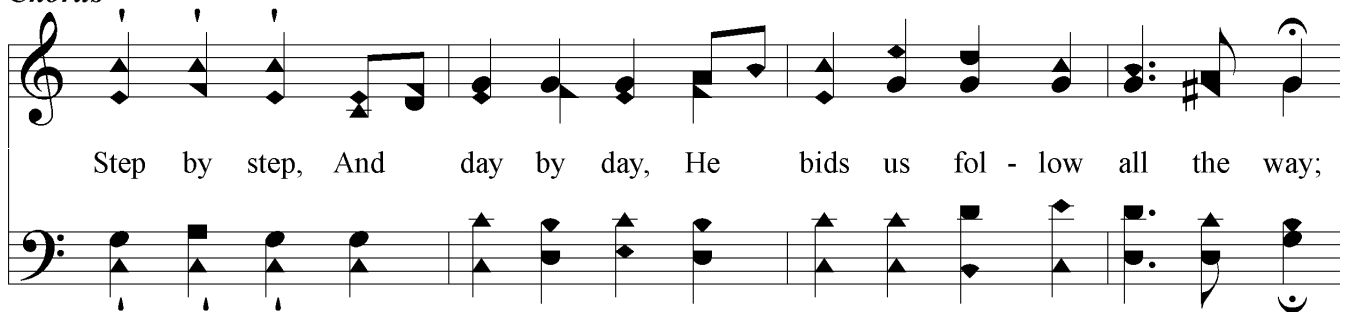

1. If Christ's dis - ci - ples we would be, We must in Him our pat - tern see;
2. As He in ten - d'rest love and grace Bore hope and joy from place to place,
3. Thus grow - ing in His im - age fair, Our love for Him may we de - clare,

And by His spir - it on - ward led, The path He trod we too must tread.
So we as His dis - ci - ples true, Must dai - ly strive the same to do.
Un - til be - fore the throne we meet, And in His like - ness stand com - plete.

Chorus

Step by step, And day by day, He bids us fol - low all the way;

What - e'er we do, wher - e'er we go, To show His good - ness here be - low.
