

Sweet Place Of Prayer

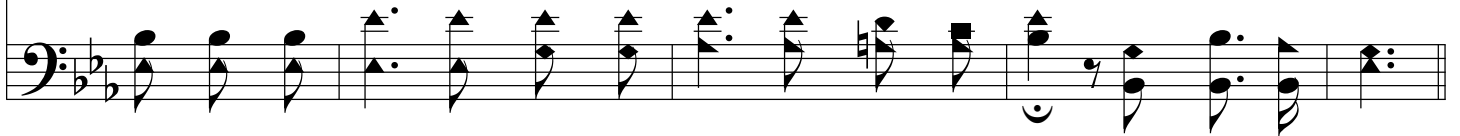

E♭/B♭ - SOL

1. When trou - ble seems to hedge my way, When sor - row would my soul dis - may,
2. How oft, while kneel - ing at His throne, God's Spir - it seals me for His own;
3. And when I go to God in need, And there some pre - cious prom - ise plead,
4. So when the an - gel Death shall come, To call me to my heav'n - ly home,

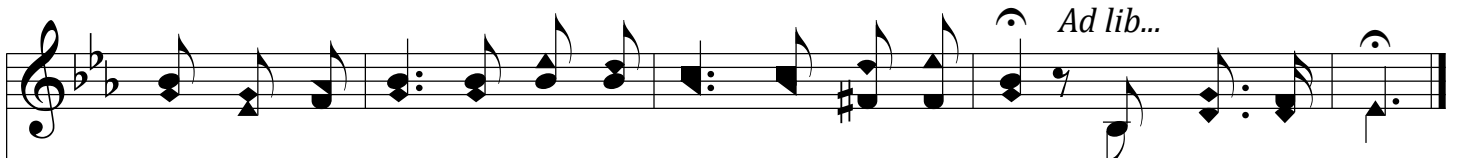

For com - fort I at once re - pair, And find it at the place of pray'r.
His love dis - pels all fear and care, While wait - ing at that place of pray'r.
He sends a thou - sand bless - ings there, And sanc - ti - fies that place of pray'r.
I'll sure - ly reach my man - sion fair, If at the last I'm found at pray'r.

Chorus

Sweet place of pray'r, su - preme - ly blest, Where Je - sus folds me to His breast;

God's an - gels seem to hov - er there, And glo - ri - fy that place of pray'r.
