

O Fadeless Dawn

G

1. O fade-less dawn! O gold-en light That ends the hours of life's long night!
 2. O fade-less dawn, when those I miss, Will wel-come me with words of bliss;
 3. O fade-less dawn, when I shall stand Be-fore His throne, in that glad land;

Thy glo-ry soon mine eyes shall see, For night will soon be past for me.
 When those dear hands I clasped of yore, Will lie with-in my own once more.
 When I shall see the form and face Of Him Who saves thru love by grace.
